REQUEST FOR ENFORCEMENT

Date: April 8 2021

To: Inspector of Buildings / Zoning Enforcement Officer / Board of Health Agent

I believe the Town Bylaws, Zoning Bylaws, State Building Code or State Sanitary Code (circle one) is being violated because:

There is excessive truck traffic on Federal Road heading north and south and on Cranberry Road. These trucks are coming from AD Makepeace sand mining sites.

There is airborne dust on the public roadways that creates a public health hazard.

This is possibly silica dust that is a carcinogen. We request air monitoring and testing for silica dust. There are excessive diesel fumes and emissions.

(Please attach additional pages if needed)

Address of Allege Violation: AD Makepeace earth removal sites, public roadways

Name of Owner: AD Makepeace Company

I am basing my allegations on the above facts and understand that as the complainant, I may be asked to participate with the Inspector of Buildings/Zoning Enforcement Officer or the Board of Health Agent by appearing jointly with him/her at court in the event the Inspector of Buildings/Zoning Officer or the Board of Health Agent is personally unable to verify my allegations, thereby requiring legal proceedings to enforce the regulation referenced above. Pursuant to the above allegations I am requesting an investigation and enforcement if applicable.

I am certifying under the pains and penalties of perjury that the information provided above is true and correct.
